TWA-TRANS WORLD AIRLINES
Martin 2-0-2A

TWA leased twelve 2-0-2As from their manufacturer, the Glenn L. Martin Co. of Baltimore, Maryland, and operated them on domestic routes from September 1950 to September, 1959. Carrying thirty-six passengers and a crew of three, the Martinliners cruised at 220 M.P.H. (354 km/h) and featured built-in boarding stairs. The first of these, named "Skyliner San Francisco", is shown in a 1950 photograph.
